Books for the Touchscreen Generation

2015

Why Xist Publishing?

In 2011, my daughter wanted me to read her an ebook. Four years and more than 200 titles later, Xist Publishing has grown into a company that is committed to helping kids develop a lifetime love of reading, no matter what form it takes.

We've seen our print and digital titles added to hundreds of libraries. Schools have embraced our leveled readers and picture books and parents have championed for our books as birthday gifts, bedtime favorites and new classics.

It's been a big year for Xist as we've added our first books for teens—you'll love the fast-paced Shifter Series from Kim Curran. Since you asked for it, we're launching our first collection of bilingual titles. We've also brought our titles to new markets with school subscription access available through Reading Rainbow, EPIC! and FarFaria.

In our catalog, you'll find the beautiful picture books people everywhere have come to expect from Xist along with engaging Common-Core aligned nonfiction and hilarious new chapter books for developing readers.

We hope you'll join us in bringing the best books to the touchscreen generation. Whether kids are falling asleep with paper books perched on their noses or spending an afternoon reading about their favorite characters on an iPad— we love when kids love to read.

We wouldn't be here without you. Thank you for bringing the best books to kids and for choosing independent publishers like Xist!
